

THÉO LAHMAR

GRADUATE EMBEDDED SOFTWARE ENGINEER

AVAILABLE IMMEDIATELY - ELIGIBLE FOR VIE PROGRAM & SKILLED WORKER VISA

CONTACT

(FRA) +33 7 82 41 21 64

theo.lahmar1@gmail.com

France, Mobile (UK, EU,...)

SKILLS

Rust

Python

C & C++

FreeRTOS

DevOps Cycle, CI/CD

Git / GitHub

Testing

arm

ARM Architecture

UART, SPI, I2C, CAN bus (basics)

LANGUAGES

French

English

HOBBIES

- Programming
- Electronic music production
- Football
- Psychology
- New technologies

EDUCATION

Master MIAGE - Applied Artificial Intelligence

SEPT 2024 - SEPT 2026

EUR DS4H (UCA) - Sophia Antipolis (France, 06)

Study Exchange - Master in Computer Science and AI

AUG 2025 - DEC 2025

Université Laval, Québec City (Canada, QC)

Licence 3 MIAHS (Maths and Computer Science)

AUG 2023 - MAY 2024

EUR DS4H (UCA) - Sophia Antipolis (France, 06)

BUT2 Data Science

SEPT 2021 - JULY 2023

IUT Nice Côte d'Azur - Sophia Antipolis (France, 06)

PROJECTS

Bare-metal OS - ARM Cortex-M7 (STM32 H750 Board)

SINCE JUNE 2026

- Building a functional custom OS from scratch
- Final objective : use it for my personal embedded projects, document my journey on YouTube

ESP32 Music-Synced LED Strip (WS2812B)

SINCE NOV 2025

- Embedded C++ using ESP-IDF & FreeRTOS
- FFT and colour-frequency & intensity-amplitude mapping, with "snake" dynamic LED strip effect

Real-time dashcam video processing

MAR 2023 - JUNE 2023

- Classification & Object Tracking (OpenCV)
- Read and store licence plates of all scanned cars (on a Raspberry Pi)

THÉO LAHMAR

GRADUATE EMBEDDED SOFTWARE ENGINEER

AVAILABLE IMMEDIATELY - ELIGIBLE FOR VIE PROGRAM & SKILLED WORKER VISA

PROFESSIONAL EXPERIENCE

Apprenticeship - C++ Software Developpment - Amadeus | Sophia-Antipolis, France (06)

SEPT 2024 - SEPT 2026

- Maintained high-performance C++ backend microservices for distributed systems.
- Optimized legacy C++ code for memory management and low-latency execution.
- Built a Python log analysis tool to visualize complex execution flows.
- Diagnosed and resolved critical production incidents across large codebases.
- Designed automated unit and regression tests to guarantee system stability.
- Synthesized technical bugfixes and communicated post-mortems to clients.

Apprenticeship - Fullstack Developpment - Infotel Conseil | Sophia-Antipolis, France (06)

AUG 2023 - AUG 2024

- Optimized REST API response times and backend database query performance.
- Implemented integration and regression testing suites to maintain code quality.
- Integrated MSAL and OAuth2 authentication protocols for secure access control.

Internship - Fullstack Developpment - Infotel Conseil | Sophia-Antipolis, France (06)

APR 2023 - JULY 2023

- Developed a web application to streamline recruitment process management.
- Collaborated in an Agile SCRUM team using Git and modern CI/CD practices.

VOLUNTEERING

Commercial Mission Officer - Junior MIAGE Concept Nice | Sophia-Antipolis, France (06)

SEPT 2025 - MAR 2026

Vice-President - Junior MIAGE Concept Nice | Sophia-Antipolis, France (06)

DEC 2024 - AUG 2025

Head of Partnerships - Theya Festival (2027) | Le Cannet, France (06)

SINCE NOV 2024

Head of IT Systems - Junior MIAGE Concept Nice | Sophia-Antipolis, France (06)

AUG 2024 - DEC 2024

IT Systems Mission Officer - Junior MIAGE Concept Nice | Sophia-Antipolis, France (06)

FEB 2024 - AUG 2024
